Ocean Gateway – more than 50 projects over 50 years with £50 billion of investment – is The Peel Group’s vision for the renaissance of the strategic corridor encompassing Manchester, Liverpool and adjacent areas within Cheshire and Warrington. The focus is on the regeneration of land and assets fronting the Manchester Ship Canal and the River Mersey.

Ocean Gateway projects embrace ports; logistics; retail and leisure; residential; commercial development; media infrastructure and renewable energy. Signature schemes include Liverpool Waters; Liverpool2; Wirral Waters; MediaCityUK, Manchester; Port Salford; Liverpool John Lennon Airport and the planned expansion of Scout Moor wind farm in Lancashire.

Other benefits of Ocean Gateway include the creation of environmental assets such as Speke Garston Coastal Reserve and wind turbines at the Port of Liverpool.

An independent review of the first five years of Ocean Gateway reveals that it has delivered over £2 billion of private investment and thousands of new jobs.*

The report concludes that more than £1 billion of investment by The Peel Group since 2008 has leveraged an additional £1 billion of other private sector investment.

Ocean Gateway is Peel’s contribution to the wider Atlantic Gateway public-private partnership. A total of 16 Ocean Gateway projects are part of the Atlantic Gateway growth plan.
